Indianisation of Kolar Gold Mines.

Q.—33. Sri M. V. KRISHNAPPA (Kolar District—General).—

Will the Government be pleased to state :—

(*a*) when Indianisation of Kolar Gold Mines was proposed and agreed to by the Government ;

(*b*) the steps taken by them to Indianise the Kolar Gold Mines ?

A.—The Hon'ble Sri H. C. DASAPPA (Minister for Finance and Industries).—

(*a*) It was agreed in 1937-38 that the Mining Companies should introduce a scheme whereby a limited number of probationary appointments would be created with the object of absorbing those appointed in the official grades, in the event of an opportunity presenting itself and provided that candidates were entirely suitable to hold such positions. This scheme has been in operation since 1st August 1938.

The Agreement of the Mining Companies to intensify the policy of Indianisation of the Supervisory and other staff is covered in clause 4 of the Agreement between Government and the Companies, dated 20th February 1949.

(*b*) In accordance with the terms of the Agreement, it has been the policy of the Mining Companies to consider the claims of Indians for supervisory and other staff vacancies as and when they occur. As a result of this policy it is understood that Indians now hold 38·3 per cent of the total number of official posts on the field as compared with 8·5 per cent in 1939, and 47·7 per cent of the covenanted non-official posts as compared with 'Nil' in 1939.
